To Whom It May Concern:

Several years ago, the Indiana Hospital Association established a productive relationship with The MHA Group, a national health care recruiting and consulting firm. The MHA Group consists of an alliance of healthcare staffing firms including: Merritt Hawkins & Associates: permanent physician staffing; Staff Care: temporary physician and CRNA staffing; Med Travelers: temporary allied professional staffing; and RN Demand: travel nurse staffing. The MHA Group is one of the largest health care staffing organizations in the country, and they are well recognized for their expertise, and commitment to quality and service.

IHA has found The MHA group to be willing and able to work with the association to provide top-notch services and programs for our members. They are the exclusive corporate partner of the Indiana Hospital Association in the areas of permanent physician staffing, locum tenens physician staffing, and allied health personnel staffing.

When keeping key positions filled at your hospital becomes a challenge, I encourage you to contact The MHA Group at 800/876-0500.

Sincerely,

Douglas, J. Leonard, FACHE
President
