

Strategic Partners

Access. Solutions. Value.

August 2007

For several years, The MHA Group has been part of our growing list of value-added solutions. The MHA Group is endorsed by 20 other state hospital association services companies. Clients and state associations rave about their service quality and ***commitment to maintaining positive, long-term working relationships***. In fact, one reference commented that “when we have a complaint a call to senior management results in prompt corrective responses. ***They make it right as defined by the customer!***”

The MHA Group, a division of AMN Healthcare, provides a ***total staffing solution to the healthcare industry***. Through their network of four national/regional offices with over 960 associates, they offer clients the resources and stability of an alliance of staffing firms in the areas of temporary and permanent physician staffing, temporary and permanent allied health professional staffing, and permanent placement of registered nurse and nurse managers.

In addition to staffing, the companies that make up The MHA Group provide value-added consulting services based upon their experience and knowledge of healthcare staffing and management trends.

The MHA Group companies include:

Merritt, Hawkins & Associates – Permanent physician search and consulting

Staff Care – Temporary (locum tenens) physician and CRNA search

Med Travelers – Temporary mid level allied health professional placement

RN Demand – Temporary placement of nurses and nurse managers

New Physician – Online resource designed to help new physicians make informed-positive career choices

The MHA Group is the industry’s recognized knowledge expert as their research, “Review of Physician Recruitment Incentives” is published annually in *Modern Healthcare*, *The Wall Street Journal* and other publications.
